His Last Hope Realized.
From The Sentinel, Gibo, Montana.
In the first opening of Oklahoma to settlers in 1890 the Editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea, which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by J. S. Wood & Son, Druggists.

The Richmond Register says: Out of the eight traveling salesmen employed by the Power Grocery Company of Paris, Mr. John W. Power their representative in this city heads the list for the largest amount of goods sold in the last six months, and wins the prize offered by the house, which consists of a trip East. Mr. Power will leave for New York about July 1st, and enjoy the fruit of his well-earned reward.

Beware of Quackery For Catarrh That Contains Mercury.
As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is intended to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c. per bottle. Hall's Family Pills are the best.

True and Unfailing Health For Suffering Women.

PAINE'S CELERY COMPOUND

The World's Medicine For the Cure of Female Troubles.

A large share of the evils and sufferings which women are liable to, result from special female weaknesses and diseases. From the girl entering womanhood to the woman who arrives at the Grand Climacteric or "Change of Life," there are troubles, ailments and irregularities—too often borne in silence—which undermine the health and result in disease. Where such conditions exist, Heaven help the poor sufferers to fully realize their perils and dangers! It is well known that ordinary medical treatment too often fails to build up the delicate nervous system of woman, and give necessary

tone and strength to the important female organs. The experience of years, medical testimony and letters from tens of thousands of cured women, point to Paine's Celery Compound as woman's friend and life giver. Mrs. W. I. West, Fremont, Neb., writes thus—
"I used Paine's Celery Compound for female troubles and general debility. I have taken a great deal of medicine during the last ten years, but none of them of such value as Paine's Celery Compound. I believe it is the best medicine for the nerves and the troubles from which women suffer so much, that I ever used."

British forces in Nigeria were defeated by the Sultan of Sokoto.

The McKinley Memorial Fund has reached \$500,000 and another \$100,000 is needed.

Daniel O'Day of the Standard Oil Company, and wife, entertained 500 guests at their "housewarming" in New York. Special trains and 100 carriages brought the guests.

Sandford Northop, aged 33, former General Manager of the American Refrigerator Transit Company, committed suicide at St. Louis. He was a cousin of George Gould.

Elmer Heath shot and killed his sweetheart, Katie Atkins, at Salisbury, Ind., and then shot himself. The girl had broken off her engagement to him. He may recover.

Stephen Geiger, the four-year-old son of Fred Geiger, will not be permitted to testify in the murder case against his father in Cincinnati, being disqualified by his tender age.

At Pomeroy, Wash., Amanda De Lartigue has confessed that she murdered her husband with an ax, and buried the body in the front yard. She claims he threatened to kill her.

At Cumberland, Md., George Roy was arrested for bigamy. He claims he thought he was divorced from his first wife, by reason of having served a term in the Penitentiary.

By enabling the digestive organs to digest, assimilate and transform ALL of the wholesome food that may be eaten into the kind of blood that nourishes the nerves, feeds the tissues, builds the muscles and re-energizes the organs of the entire body. WEAK, IRREGULAR, PAINFUL HEARTS

Sometimes the heart grows irregular—is the seat of pain and pressure. People are apt to think it due to some organic or structural disease of that organ, when the cause is comparatively simple—a weakened motor power—a trouble wholly due to the nervous system, perhaps aggravated by a nervous dyspepsia. Put the nervous system right—give it strength and tone—supply through its medium the heart with power and the stomach with digestive juices and the trouble fades like snow in a summer sun. It is for this wonderful power Dr. A. W. Chase's Nerve Pills are world famous.

Mr. Thomas Maher of No. 212 Lee street, Maysville, Ky., says—

"I have been a sufferer for some time from heart failure and acute nervous indigestion. Hearing of Dr. A. W. Chase's Nerve Pills I got a box at Chenoweth's Drugstore and now I am pleased to say the pains in that region of the heart have disappeared completely—its action is strong and regular and appetite is fine. I can recommend this medicine very highly as safe, reliable and certain in such affections."

Farmers Know a Good Thing
When They See It!

ORANGEBURG, Ky., June 23d, 1903.
To Whom It May Concern: I this day started my Minnie Binder and gave it a severe test. My wheat is very short and thin and offers a severe test for a binder. My Minnie cut it all clean, as clean as a mowing machine could cut it. I thank the Minnie for saving my wheat for me. No other binder would cut and handle this crop of mine as the Minnie did. I consider the Minnie the strongest binder that I ever saw. All us farmers ought to stick to Minnie, the anti-trust binder, because it is the best one made and is out of the trust.

GAS RANGES!

AT ACTUAL COST!

The Gas Company, if so desired, will make a written agreement with any purchaser of a Gas Range during the month of June to the following effect, to wit: That if said purchaser on the 1st day of August shall come to the Company and say that they are dissatisfied with the use of their Range, that it will not do their work as represented, or that the cost of using same is too great for them to afford to continue its use, then, in that event, the Gas Company will take the Range off their hands and refund any money paid upon its purchase price. See the Gas Company or Larry Langfels and learn the liberal terms upon which these Ranges are sold. You cannot afford to be without one.

Comfort for Stock

Stock which escapes the annoying attacks of flies and insects is the most thrifty. Next to disease, these pests harm more than anything else. No form of insect life can possibly annoy stock which has been sprayed with

Fly Killer Oil.

It is certain protection. We know of nothing that can be relied on more thoroughly. Its use keeps stock comfortable and healthy. Is perfectly harmless—does not injure hair or skin.

CLOTHING
TALK! s s s s

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.

OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours. Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.

J. WESLEY LEE,

Cor. Second and Market Streets,

MAYSVILLE, KY.

Jim Dumps attended with elation His oldest daughter's graduation. Her essay was a great success On "Proper Food and Cheerfulness." She showed how "Force" gave mental trim And told the tale of "Sunny Jim."

"Force"

The Ready-to-Serve Cereal

produces cheerfulness because proper.

"Force" for Bachelors' Hall.

"As one of four fellows who kept Bachelors' Hall at the Sign of the Glad Ducks for the Summer, I would say that we used five or six boxes of 'Force' each week, and found it very satisfactory, not to mention the 'Sunny Jim' it has made of us."

RALPH LANTA FOSTER, Treas.

THE REASON WHY!

Money is easier to move than dry goods, it is not a case of "want to" but simply a case of "have to." Our deep price cuts are barefaced temptations to coax you to buy, whether or not you're so inclined. A chance like this comes rarely in a small town. It is only stern necessity forces a merchant to cut prices as we have done.

A Friday Tid-Bit!

Ribbons Under Price.

Still some of the desirable ribbons that all women need, by the dozen yards for summer use, priced at a third below value. In white and blue, green, pink—the light colors particularly in demand. 3 to 4 inches wide, 15c yard.

A few pieces of double faced satin ribbon in sash width, 19c worth 40c to 50c yard.

TENERIFFE DOILIES

Always attractive. Have a new use allotted to them nowadays. They're used for trimming shirt waists and suits and make up very effectively. Round—6 inches in diameter, with eight of the characteristic "wheels" in each doily. Not imitation, they're the genuine Teneriffe and only 25c each. In half dozen lots \$1.20. By the dozen \$2.20.

Women's Kid Gloves.

For the women who wear kid gloves in summer and for those foresighted enough to buy for autumn needs, here are offerings of kid gloves at prices that would create a furore a few months later.

\$1½ GLOVES \$1.

Various styles and our own well known makes. All perfect goods in fine colors, also black.

\$1 GLOVES 75c.

A saving of one-fourth on real kid skin gloves. Black and colors.

In this remarkable sale, while good things are presented in battalions, we always have reserves to strengthen the charge from day to day.

We give ample notice of this, that out-of-town friends may share equally with Maysville buyers.

It's Napkins!

And not on sale until Friday morning at half past eight. If we could put the Napkins in this ad so you could SEE their value, we couldn't supply a fraction of the women who would come for them. "How much?" you ask. \$1.25 a dozen. "But I've bought Napkins that cheap, and cheaper, unnumbered times," you answer. Come, see these Napkins, examine, compare, scrutinize with your best linen knowledge, then if you don't pronounce them the most remarkable values ever seen, they're yours for nothing. Not put up in the regular way—each Napkin is separate with two patterns to the dozen. German linen, bleached, two selvage edges, 22 inches square. These details may give a faint idea of what they represent, but you must see to really believe 12 such Napkins can be bought for a dollar and a quarter.

Men's Night Shirts.

Bought at a special price, sold the same way. You'd guess them 75c, but they're only 50c. Fine, soft-finished muslin without a trace of dressing, cut ample in length and breadth, front pleat neatly trimmed with all white embroidery, or white picked out with red, pink or blue. Pocket, cuffs and collar have fancy white or colored stitching to match pleat. Handsome pearl buttons and carefully felled seams. Same shirt at same price, without embroidery, simply finished with neat stitching. Don't gauge these shirts by any 50c ones in the market—they are exceptional value in every detail, material, trimming, workmanship.

Three Offerings of Note.

POPLIN BATISTE 10c A YARD.

The goods have the appearance of the higher priced all-wool goods but are half wool and half cotton, so they can be laundered just like cotton goods. In delightful shades of mode, blue and rose pink. 36 in. wide. Worth twice this price.

ALL-WOOL VOILES 39c A YARD.

As fine in quality as goods selling for 65c a yard. They are more uniform in weave, smoother and firmer to the touch, more perfect in color than many more expensive voiles, in fact they have the appearance of being a much higher grade than the price indicates. In the following clear tints—castor, blue, reseda, mastic, navy and black. Made to sell for 59c yard.

WOOL ETAMINES 39c A YARD.

Etamines are one of the most favored fabrics this season. The weave and the colors of these are so handsome that even the dollar goods are scarcely more effective when made up. 40 and 45 inches wide, black, reseda, three blues—Rembrandt, navy and royal. Former price 60c.
